

Hunt Kansas with

# Prairie Storm Outfitting

Your Unmatched, Unscripted, Flexible,  
and Real Hunting Experience.

Hunting with Prairie Storm is something unlike most other outfitters provide. We are a down to earth, flexible, and an “accommodating to all” operation that does everything to ensure your experience is one of a kind and exactly what you’re looking for in a hunting outfit! Our motto simply says it all.

It truly is...

**“Your Experience Our Passion”**

**#yourexperienceourpassion**

# WHITETAIL DEER

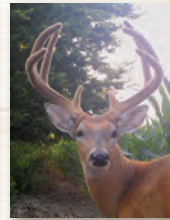

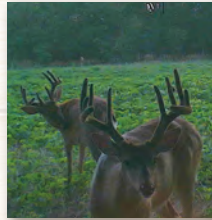

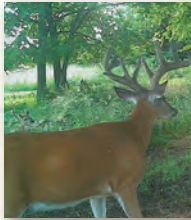

Kansas Whitetail hunting at its best!

Do you love taking advantage of those early season patterns? How about hunting the magical rut in Kansas? Or, do you just enjoy those December hunts with your trusty rifle? At Prairie Storm Outfitting, we offer our whitetail hunts on thousands of acres of private property all located in Unit 3. Our Whitetail hunts consist of 5 full days and 6 nights. These hunts are fully accommodated (excluding tags and license) on some of the most diverse properties Kansas has to offer. Whether you're hunting the property next to the Kirwin National Refuge or farms just miles from the lodge, we can assure you the best experience, accommodations, and opportunity at harvesting that targeted buck you're after!

# How do you target a given buck?

During the growing season, we provide our current and future clients with Dropbox access to our trail camera photos so you and your group can start planning on what buck you would like to target during your hunt with us! If you're not on our Dropbox list and want to follow along all off season, whether you're hunting with us or not, please feel free to ask us and we'd gladly get you added!

# UPLAND BIRDS

An incredible upland experience!

Do you crave the flush of a Ringneck at the nose of man's best friend? How about the rush of a covey of Quail busting at your feet? Or, are you just addicted to Upland hunting like we are? Then why not come to the open prairies of Kansas and experience it all first hand with us! At Prairie Storm Outfitting, we offer many combinations on your custom Upland experience – Wild, Controlled Shooting, or DIY hunts are available throughout the fall and winter seasons. Packages vary depending on hunting days and group sizes. Do you want to work your own dogs? Great, bring them along. We have many options to ensure that your Upland hunt with Prairie Storm is second to none. And, you'll leave wanting to come back for more!

## RIO GRANDE TURKEY

### Arguably the “bread and butter” of PSO!

Do you need to fill your Grand Slam? Or, are you just addicted to Turkey hunting? Lucky for you, Kansas ranks as one of the best states as far as notching that grand slam belt with your Rio. Chasing Rio's is how Prairie Storm Outfitting grew into what it is now! Thousands of acres of private property, extremely high opportunity rates, and multiple farms equal low pressured birds. That means we are able to be very successful throughout the entire season. Those beautiful cream-colored fans are awaiting you. Our season kicks off with archery on the first Monday of April, then leads into shotgun on the second Wednesday of April all the way to May 31st. So, whether it's the opener or the last few days of the season, we can assure you and your group an opportunity to harvest that big Rio gobbler. We strive to turn your dream hunt into reality!

## THE HUNTING LODGE

The Prairie Storm hunting lodge is a rustic 2 bedroom (8 beds), 2 bathroom, handicap accessible lodge that offers all the comforts of home – fully furnished kitchen, large living room, multiple TVs and free wifi so you can stay connected with family and friends during your stay. Book a minimum of 4 hunters and you can have the lodge all to yourselves.
